Re proposed access from Celia Crescent.

Matthew please see attachment regarding proposed double yellow lines. Maybe discuss with highways. I live at no 34 Celia Crescent and have a shared driveway with number 32.

If the double yellow lines on my side finish outside my property and on the opposite side of road finish further up at the block of garages residents will only park opposite my property causing extreme difficulty for myself and neighbour coming out of our drive!! Also residents can still park outside number 32 as in the diagram causing a 'slalom' effect which will definitely cause problems especially for bin lorries/proposed bus - the road is so narrow. If this ridiculous road access is granted I see it as imperative that double yellow lines be extended to both sides of the road outside our shared driveway.

Mrs. Maria Shields
