Dear Deborah

Thank you for yours and Matt's e-mails dated 14th and 23rd September 2020 providing updates on progress with the above application and confirming that a meeting with the cycle path portfolio holder will hopefully take place early next week, subject to confirmation of availability, and that once this meeting has taken place you will provide a formal response with the Council's position on the application. Given that the current agreed extension for determination of the application expires at the end of September, I would hereby confirm on behalf of the applicant, agreement to an extension of time for determination of the application, in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended), until the end of October (31/10/2020 ). Hopefully this will allow, as you have suggested, sufficient time for ECC to consider all the points raised by the applicant.

Kind Regards

Rob Bramhall

Agent acting for Grenadier 29 (The Applicant)
