28th March 2018

Dear Mr Diamond,

Planning application: 18/0368/OUT
Outline application for redevelopment at WPD Depot Moor Lane

Thank you for consulting the Met Office about the above outline planning application in your communication dated 26/3/2018.

The north-west corner of the proposed development falls within the Met Office consultation zone map issued under the Town & Country Planning (Safeguarded Meteorological Sites) (England) Direction 2014. Therefore, the Met Office wish to be consulted if any building or structure is to exceed 45m in height above ground level.

Given the scale of the proposed development, the Met Office are unlikely to have any objections, and need only be consulted if any building or structure is to exceed 45m in height above ground level.

If you require further information or would like to discuss this matter further please do not hesitate to contact me.

Yours sincerely,

Tim Allott
